

GALVANISED HORSE WIRE

Technical Specification

Conforms to UNI-EN Standards. ✓

AT A GLANCE

Additional Information	
Material	Galvanised Steel
Coating type	Hot dip, 99.9% purity grade
Finish	Hot Dip Galvanised
Wire Diameter (Gauge)	1.5mm (17g) - 4mm (8g)
Single wires maximum tensile strength	450-550 mm ²
Colour	Green, Silver / Grey
Available Lengths	25m - 675m
Corrosion Resistance	Good
Applications	Residential; Industry, Sports facility; Agricultural sectors incl. fruit orchards
Conforms to	UNI-EN 10244-2, UNI-EN 1179
