

# EASTER EGG WREATH DIY

*With Chicken Wire*

## What You'll Need:

- Protective gloves
- Pliers
- Wire cutter
- Glue gun
- Chicken wire
- Plastic eggs
- Artificial leaves
- Bow

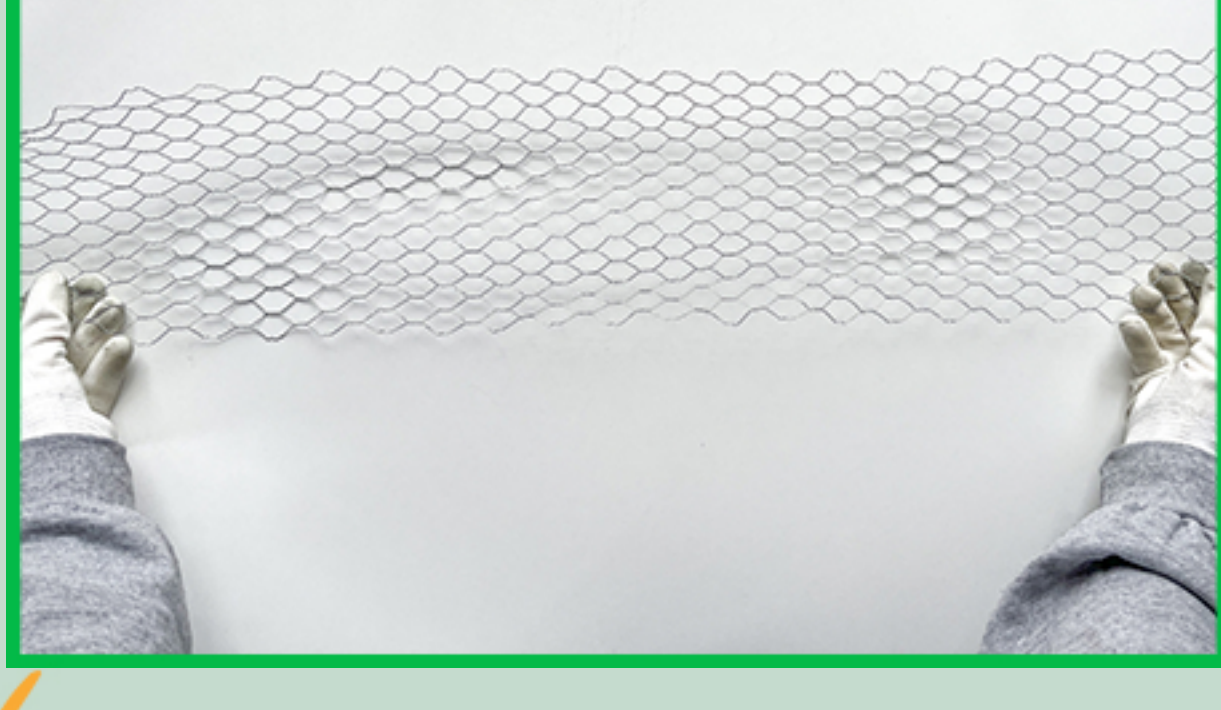

### 1 Prepare Supplies

Gather everything you need for the project.

### 2 Cut Out a Piece of Chicken Wire

2

Cut a piece of chicken wire, depending on the desired size of your wreath.

### 3 Add your Decorations

Arrange your decorations on top of the chicken wire. Start with the artificial leaves, and sit the eggs on top of them, creating a natural look.

### 4 Close the Chicken Wire

4

Start attaching the chicken wire together in the middle, forming a tube. Tie the ends together using a plier.

### 5 Continue Filling and Tying

Continue placing the decorations on the chicken wire and tying the ends together, until you reach the ends.

### 6 Attach the Ends

6

Once you filled the whole wreath, attach the ends together by tying together the loose pieces of wire.

### 7 Attach the Bow

Once your wreath is secured together and bent into an egg shape, you can attach the bow on top of it using a glue gun.

### Finished Wreath

8

Enjoy your finished DIY Easter egg wreath and feel free to hang it on your door.
